

Working in partnership to improve maternity services

Bromley maternity voices – have your say!

Are you pregnant or had a baby in the last five years? Are you a new dad or grandparent? Then we would love to hear from you about your experiences to help improve maternity care in Bromley.

Bromley Maternity Voices is an independent group made up of people who have used maternity services and those who support women and families such as doctors, midwives, health visitors and other health care professionals. The group acts as an advisory friend to help maternity services in Bromley improve care for women.

Want to know more? You can contact the Chair of Bromley Maternity Voices at grace.wooller@nhs.net or join our Facebook Group – search for Bromley Maternity Voices.

How can I get involved?

I don't have much time but want to share my experience

We would love to hear about your experiences of Bromley maternity services (both positive and negative).

It should only take about ten minutes to share your views. We have a short survey and your feedback will be used to help make services the best they can be. Please note all information is anonymously reported. Fill in our survey at www.bromleyccg.nhs.uk (then search maternity).

I want to get more involved

That's great! You can get involved as little or as much as you can manage in one of the following ways:

- Come along to one of our meetings held locally. You can bring your baby in arms with you and your children can use the free crèche. At the meetings you can ask questions, help to shape decision and make sure parents' voices are being heard. You can come along once or to every meeting – whatever you can manage.

- Help us reach more new mums and families so we hear from as many mums as possible from all walks of life and different communities.
- Join us at events to help promote maternity care in Bromley and hear from women and families about their experiences.
- Join us on visits to hear from new parents about their birth experience so any improvements can be put in place quickly.

What difference does it make?

Bromley Maternity Voices have helped to influence:

- The provision of a Mindful Mums service which offers befriending and wellbeing groups.
- Better information for parents who want a home birth.
